

School Uniform Swapping Service

Every Monday 12pm-2pm (apart from bank holidays). Starts Monday 19th August 2019.

Are the costs of school uniforms getting a bit too much? How about our School Uniform Swapping Project?

This is a joint project between The Venus Centre and The Inclusion Network. It is based at Northfield Community Centre, King Ave, Bootle, L20 0BY.

Here's how it works:

Bring in a washed, clean full school uniform (with no, or little wear and tear) and swap it for another uniform which is the next size up. Only one cost of £2.00 per uniform.

For boys this will consist of a pair of trousers, shirt and sweater.

For girls this will consist of a dress/or pinafore dress, shirt and sweater.

This is all subject to us having the full uniform in stock. Or the right school sweater in stock. However, part uniforms can be purchased at a price of £1.00.

We will also have a limited number of school blazers in and these can be swapped also for an additional cost of £2.50

Simple as that. Only rule is that the uniform you are bringing in is washed and must be in a good condition so that it can then be sold on to another parent who will benefit from this project.

Any questions give us a ring:
